

## The Village Memory Care Project – Staff Information Session

Looking to change the way we support those living with dementia? We are, and we are looking for 72 staff and change-makers who want to be part of that journey.

Join us for a 1 hour staff information session where the Project Team will outline the project, what type of staff we are looking for, what qualifications we are seeking, when we will be hiring and what positions are available.

This event will be made available to those who cannot make it via video conferencing (or something similar) but it is strongly recommended that you attend in person if you can.

Please RSVP via our [Eventbrite Page](#).

No need to bring resumes or information for an application. This is simply a Q&A opportunity.

**Date and Time:** Tue, 26 February 2019, 6:00 PM – 7:00 PM PST
